

## The N. O. R. R.

The graders, under Knox, on the N. & O. railroad have stopped work, and came into town yesterday. The trouble is that the money according to contract was not forthcoming. The first pay day as fixed by contract was last Sunday, Feb. 20th. The failure of Col. Moor to put in his appearance has produced a great disappointment, and dissatisfaction. The President of the company received a dispatch Sunday from him, from New York that he was waiting for important papers. Letters from Governor Wood of Feb. 14th state that the New York parties have every confidence in the line, and that it certainly will be pushed to completion.

## Death of Miser.

Addison Souland died in Meadville, Pennsylvania, on Friday last after a brief illness, during which he refused all medical aid because he was too poor to afford it. After his death there was found stowed away in his miserly hotel, in old clocks, bureaus, pots, kettles, boxes, under stacks of books, and every unlooked-for place, watches, coin, greenbacks, and other valuables. The coin was found in tobacco pouches, pocketbooks, old stockings, leather bags, cigar boxes, and tin cans. There was also found a great pile of books and a four-gallon crock over half full of dimes, nickels and copper coins. The Chief of Police, who conducted the search, found among the treasury a little gold locket containing his brother's picture, which had been lost nearly twenty-five years.

## Albion-Richmond Fight.

There is war between the Richmond and Albion Mining Companies at Eureka, Nevada. It is over disputed ground in which a supposed bonanza has been discovered. The mines are adjoining, and the Albion run a drift and struck a body of ore. The Richmond then ran for the same locality and ran into the Albion's works. Then commenced the fight for possession. The Albion crowd drove the R's back with stone-pots, and have held the vantage ground. A few days ago a fire occurred in the Albion mine, and both claim it to have been set on fire by the others. The R's have tried several large blasts, but so far the A's hold their ground. The miners are now about to take the matter in hand and stop the fighting before some one is killed.

Mr. Phelan's artesian well, just sunk in San Francisco, has proved a great success. It is capable of furnishing 120,000 gallons of water in each twenty-four hours. Nearly every attempt which has been made to obtain water in San Francisco in this way has proved a success. This well of Mr. Phelan's is but 108 feet in depth. Artesian wells on this Coast, or, indeed, in almost any location west of the Rocky Mountains, are now understood to be very valuable. Farmers in many places are deriving great advantages from them. A paragraph from Austin, Nevada, says there are eighteen artesian wells at that place.

The Board of Regents of the State University have made their biennial report to the Legislature, from which it appears that the total number of pupils in attendance has been forty-eight—boys, twenty-three, girls, twenty-five—and that the total expenditures for the two years has been \$11,995.82. The forty-eight, it will be noticed, is not the average attendance, but the total number of scholars for the last two years. Pretty dear schooling, for tac State to stand, we should think.

A Chicago Journal Washington special says Senator Blaine is still confined to his bed with rheumatism, although his condition is somewhat improved. His physicians think he will speedily recover and be able to leave his house the early part of this week. It is not true that he has given up his seat in the Senate, but, on the contrary, there are some matters pending before the Senate which will receive his attention as soon as he can get there. He is extremely restive under confinement.

The Gold Hill News makes the sensible suggestion of a change in the election law, so that there will be a polling place for every three hundred voters.

The prisoners heard last night that they were to be taken to Chihuahua to-day, which they believed meant to be shot on the road. Hence the attempt to escape.

## THE ASYLUM BILL.

The following is the text of the Powning bill, locating the Insane Asylum at Reno, as it passed the Senate yesterday, and now awaits the signature of the Governor:

*The people of the State of Nevada, represented in Senate and Assembly, do enact as follows:*

SECTION 1. A Board, consisting of the present Board of Commissioners for the Insane, the Lieut. Governor G. W. Huffaker and W. E. F. Deal, is hereby created for the purpose of causing to be erected, on the State land near the town of Reno, Washoe county, a suitable building or buildings for the care of the indigent insane of the State of Nevada. The said Asylum shall have sufficient capacity for the care of 160 patients; provided, that said Asylum shall be completed within fifteen months after the passage of this Act; and provided, that the said building shall be built of stone or brick, and shall be fireproof so far as consistent with cost and in the judgment of the Board.

SEC. 2. Before entering upon their duties, as prescribed in this Act, the said Commissioners shall take and subscribe the Constitutional oath of office, and cause the same to be filed with the Secretary of State.

SEC. 3. Immediately after qualifying, the members shall meet at the seat of government, and organize said Board by electing from their number a President, Vice-President and Secretary, whose duties shall be defined by the by-laws of said Board. They shall also appoint some competent builder to superintend the construction of the work herein provided for at a per diem not to exceed \$6.

SEC. 4. After the approval of this Act they shall organize and act immediately. They shall advertise in two newspapers in this State, and one in California, for the presentation of plans and specifications for the erection of a building or buildings with a capacity of accommodating 160 inmates, said building or buildings to be so constructed that additions can be made when found necessary. After the adoption of plans by the Board, under no consideration whatever shall any changes be made in said plans and specifications, unless by the unanimous consent of the Board of Commissioners, and the consent of the contractor, and without additional expense to the State.

SEC. 5. As soon as practicable, after adopting the plans, the Board shall advertise for sealed proposals for furnishing the material and doing all the work for the erection of said building or buildings. Said Board may adopt or reject any and all bids not deemed reasonable or satisfactory; but, in determining bids for the same work or material, the lowest responsible bid shall be taken.

SEC. 6. The contractor for the erection of said building or buildings shall be required to furnish a good and sufficient bond for the payment of all debts and liabilities incurred in the erection of said building or buildings, and no allowance or increase of pay shall be given over and above the contract price; and said contractors shall bind themselves to complete the work ready for the occupation of the patients within six months from the date of the signing of the contract, or pay a forfeit at the rate of \$250 per day for each day beyond the time herein allowed.

SEC. 7. Said Board shall cause monthly estimates to be made during the progress of the building and allow thereon seventy-five per cent. of the value of such work and material actually done and delivered, and no more; twenty-five per cent. being reserved as security for the completion of the contract, which amount shall be paid in full when said contract is completed and the work accepted by the Board.

SEC. 8. At the expiration of each month, after the signing of the contract, said Board shall procure the estimates as provided for in Section 7 of this Act, and shall certify to the amounts thereof to the State Board of Examiners; and upon the allowance thereof of said State Board, properly certified to the State Controller shall draw his warrant on the State Treasurer in favor of the proper person for seventy-five per cent. of the amount thus certified to, and the State Treasurer shall pay the same out of any fund appropriated for such purpose.

SEC. 9. No fees or compensation of any kind shall be allowed to any member of the Board of Commissioners by this Act created, except as hereinafter provided, nor shall any member be interested directly or indirectly, in any contract for furnishing material or performing labor in the erection of said building or buildings.

SEC. 10. Eighty thousand dollars is hereby appropriated for the construction and furnishing of said building or buildings, and in no case shall a contract be entered into which shall exceed the sum of \$80,000 for the erection of said building or buildings and furnishing them as aforesaid.

SEC. 11. The money herein appropriated shall be taken from the State School Fund, and in its place shall be deposited eighty bonds of \$1,000 each, bearing interest at the rate of 4 per cent. per annum; said bonds shall run for twenty years, but shall be redeemable by the State at its pleasure, after two years; said bonds shall be signed by the Governor and State Controller, counter signed by the State Treasurer, and authenticated with the great seal of the State, and shall state in substance that the State of Nevada owes to its State School Fund \$80,000, the interest on which sum, at 4 per cent per annum, she agrees to pay during the life of said bonds, for the benefit of the common schools of the State. Said bonds shall be lithographed, as is usual in similar cases, and deposited with the Treasurer of the State. The interest on said bonds shall be paid semi-annually on the first days of January and July of each year on the written order of State Board of Education to the State Controller directing him to draw his warrant for the amount of such semi-annual interest on the Indigent Insane Interest and Sinking Fund herein created. All sums derived from the interest on said bonds, shall go into the General School Fund, for the support of the common schools of the State and for the regular and prompt payment of the interest and credit of the State is hereby pledged.

SEC. 12. These shall be levied and collected for the fiscal year commencing January 1st, 1881, and annually thereafter, an *ad valorem* tax of three cents on each one hundred dollars of all the taxable property in the State, including the tax upon the proceeds of mines, and all sums derived from this tax shall go to the Indigent Insane Interest and Sinking Fund, for the payment of the interest and the redemption of bonds herein authorized by this Act.

SEC. 13. The Board of Commissioners, as named in this Act, shall have full power and exclusive control of and over all the grounds, buildings, property and inmates of the Asylum, and shall furnish or cause to be furnished, all needful supplies, provisions, and medicines for the care of the insane, and have charge of all other matters connected with the institution. They shall establish such rules, regulations and by-laws for the construction and government thereof as they may deem proper. The Board of Commissioners shall cause to be kept a record of their proceedings, which shall at all times be open to inspection by a Committee of the Legislature.

SEC. 14. The State Controller is hereby authorized to draw his warrant in favor of the Commissioners for their incidental expenses in carrying out the provisions of this Act, after the Board of Examiners have properly allowed the same.

SEC. 15. The Board of Commissioners, as named in this Act, shall have full power and exclusive control of and over all the grounds, buildings, property and inmates of the Asylum, and shall furnish or cause to be furnished, all needful supplies, provisions, and medicines for the care of the insane, and have charge of all other matters connected with the institution as they may deem proper.

SEC. 16. Paying patients whose friends or property can pay their expenses, shall pay according to the terms directed by the Board of Commissioners; but the insane poor shall, in all respects, receive the same medical care and treatment from the institution, and good, wholesome food, and no record of the debt shall be made against them.

SEC. 17. All sums due for the support, care and clothing of the insane, and all other needful expenses of the Asylum shall be certified by the Board of Commissioners of said Asylum and approved by the Board of Examiners, as now provided by the Constitution of the State of Nevada, and audited by the Controller, and paid by the State Treasurer, out of any moneys in the State Treasury appropriated for that purpose.

SEC. 18. The State Controller is hereby authorized to draw his warrant in favor of the Commissioners for their incidental expenses in carrying out the provisions of this Act, after the Board of Examiners have properly allowed the same.

SEC. 19. The Board of Commissioners shall, at the expiration of the present contract with Drs. Langdon & Clark, of the State of California, enter into a new contract with Dr. Asa Clark, of the State of California, to care for the insane patients of this State until July 1, 1882, at the price per day per patient now paid to Langdon & Clark.

SEC. 20. The Board of Commissioners shall elect one resident physician, who shall be the General Superintendent of the Asylum, subject at all times to the order and direction of said Board, who shall have power at any time to discharge and remove said Superintendent whenever in their judgment it shall be deemed proper for the best interest of the State. The Superintendent so selected shall reside at the Asylum, be a graduate of medicine, and receive a salary of \$2,400 per year, payable monthly, in equal installments. He shall cause to be kept a full and full account of all his doings, and of the entire business and operations of the institution, and submit a monthly report to the Board of Commissioners. The Superintendent shall employ all necessary help needed at the Asylum, subject to the approval of the Board of Commissioners.

SEC. 21. From and after the completion of the Asylum, and when it shall be ready for the reception of patients, the patients shall be removed from Cal., and it shall be the duty of the Judge of the District Court in

## TOWN AND COUNTY.

General Batterman was in town Saturday.

Beans and billiards at the Oasis saloon to-day.

The Legislature adjourned yesterday until Wednesday.

Our thanks to Congressman Daggett for public documents received.

No business transacted in the Courts to-day, it being a non-judicial, or legal Holiday.

Prescott's truck team took a spin on their own account, yesterday, down Commercial Row, but they did no injury.

Charley Knust has just received another invoice of those patent combination lamps. The first lot sold off like hot cakes.

The new mill above town is being raised to-day. It is expected to be in full operation by the first of April, and so fooling.

Senator Doolin, who stood "true blue" all of the way through in the Asylum bill, came down last evening to spend his 22d of Feb. in Reno.

This day being the anniversary of the birth of G. Washington, the banks of Reno will both remain closed throughout the day, in honor of that event.

Justice Young was able to be out awhile yesterday and came up to his office. He is quite weak yet, but if he has no set-back will now be all right.

Remember the masquerade ball at Theater Hall this evening. This is expected to be the grand party of the season. The costumes arrived from Virginia City yesterday.

Charles Matthy, of Susanville, Cal., formerly of Reno, and Miss Ida Coats will be married in Susanville this evening. Miss Coats left Reno for that place yesterday morning.

To-day is February 22d, 1881, the anniversary of the birth of the little boy who "couldn't tell a lie," therefore, it is the day we celebrate. Consequently there will be no paper issued from this office to-morrow.

Queen, at his drug store has received a lot of fine floral sets, floral baskets, and a large assortment of flower seeds, fresh from Vick's. The floral sets and baskets are beauties and the prices low. Call and see them.

The bill to levy a tax in Reno school district for the sum of about \$2,300 to cover the deficiency due on the new school house, has passed both houses of the Legislature and is now in the hands of the Governor for his signature.

We received a dispatch yesterday that a heavy shower of rain flooded the streets of Carson. But later we were informed that what was supposed to be a storm, was the tears of the Carsonites, shed over the passage of the Asylum bill.

The Bill for the county of Washoe to purchase the State Fair grounds and property passed the Senate yesterday and has gone to the House for its consideration. Before it can take effect it requires that a majority of the taxpayers representing two thirds of the taxable property, shall petition the Commissioners.

Costumes for the masquerade to-night, can be had at the rooms of the Reform Club, at any hour after 8 o'clock this morning. We understand that there is a great variety, and at very low rates. Those desiring them should call at an early hour, as judging from the number of tickets sold, there will be a great rush for them.

## Which Shall It Be.

Next Wednesday, between the hours of 12 m. and 1 p. m., the voters of Reno school district No. 10, are called upon to say by their votes whether a tax shall be levied for the continuance of the public school. Shall nearly 100 children be turned into the streets for five or six months, or will the voters say, "keep the schools going." The reputation of Reno for good schools has attracted settlers, and if they must now hunt other localities for the education of their children, it will be a worse blow to the town than losing the Insane Asylum. Many wonder why we are short of funds. The school expenses constantly increase. It costs more to educate 400 children than it did 200 or 300. Previous to 1879, the rate for school purposes was 25 cents on the \$100, and one year it was 30 cents on the hundred dollars. But for the years of '79 and '80 only 20 cents on the hundred dollars were levied. At the same time the revenue derived from the State has been constantly diminishing. Now which shall it be.

## Off for New Mexico.

James C. Woodward a young man formerly of Reno, and employed by the Western Union Telegraph Company, was in town yesterday. Of late he has been assayer and electrician at Sutro, for the tunnel company, but now he starts out on a new enterprise. A company has been formed in Virginia City among some of the old Comstockers, called the Comstock Prospecting Association, who propose to extend their operations throughout this State and other territories. At a meeting a few days ago of the company, Mr. Woodward was selected to proceed to the Black Range, and adjacent country, in New Mexico, to make a thorough and scientific prospecting tour for the company. He takes with him assaying implements to make his own tests. He takes with him numerous letters of introduction to old coasters who are now in New Mexico and Arizona. This morning he left for western Missouri to see his parents then returns to Denver, and proceeds southward through Colorado. His absence will be for an indefinite period.

## Theatrical.

Next Friday evening the Grace Hopper Comedy Company, the new theatrical company recently formed in Reno, will play at the Nevada Theater. The occasion is intended as a farewell testimonial benefit to Miss Blanche Leonard,

a young lady residing with her people in Reno, who has joined the company,

and will take this occasion to make her

debut as a professional actress, and of bidding her old friends farewell, before leaving with the company on their tour through the North and East. Miss Leonard assumed the role of Alida,

the daughter of Bloodgood, the banker, in the "Streets of New York," recently played in Reno by the amateurs,

and acquitted herself on that occasion with considerable merit as an actress. On this occasion she takes the part of Mary Morrison in the drama "Dorn."

It is hoped that Reno will tender her a magnificent farewell benefit. See their advertisement elsewhere.

## Hard at Work.

A glance at the Theater Hall last evening showed that the Reno Dramatic Club are hard at work, and that the drama, "Above the Clouds," which they are to put on the stage Thursday evening will be one of the best they have ever attempted. The wigs, etc., will be brought from San Francisco. The cast will include the following ladies and gentlemen: Messrs. E. L. Bridges, J. A. Lewis, M. D., A. H. Smith, M. J. Dillman, C. M. Fassett, Seymour Bryant, George Conkling—and Misses Hattie Lewis, Ella Knowlton and May and Kate Benham. The club has played to the satisfaction of large Reno audiences before, and the additions assure greater excellence.

Miss Leah Fredrick, Sunday evening was severely bitten in both arms by a large dog owned by Mr. Hand, residing near the old school house. The dog was immediately killed.

**DR. HALL'S BALSAM**

Cures Colds, Pneumonia, Bronchitis, Asthma, Croup, Whooping Cough, and all diseases of the Breathing Organs. It soothes and heals the membranes of the Lungs, inflamed and poisoned by the disease, and prevents the night sweats and tightness across the chest which accompany it. CONSUMPTION is not an incurable malady. It is necessary to have the right remedy, and DR. HALL'S BALSAM is that remedy. DON'T DESPAIR OF RELIEF. for this benign specific will cure you, even though professional aid fails.

Dr. W. H. Hinckley.

Wm. Hinckley, Ill., advises us of a remarkable cure of Consumption. He says:

"A neighbor's wife was attacked with violent

lung disease, and pronounced beyond help from

Consumption. As a last resort the wife

was persuaded to try HALL'S BALSAM. After the

removal of all, by the time she had used

one-half dozen bottles she was about the business

of her own work. I saw her at her worst

stage, and had no idea she could recover.

BEWARE OF COUNTERFEITS.

DR. SPINNEY,

No 11 KEARNEY STREET.

TREATS ALL

Chronic and Special Diseases

YOUNG MEN

WHO MAY BE SUFFERING FROM THE effects of youthful indiscretions or indolence. He will well to wait the ravages of this, the most baneful evil, at the altar of suffering. Dr. SPINNEY will guarantee to forgive \$5.00 for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to forty who are troubled with too fit quick motion of the bladder, often accompanied by a slight searing or burning sensation, and a weakening of the system so far as the patient cannot account for it. On examining the urinary deposits a copious sediment will often be found and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance.

There are many men who die of this difficulty ignorant of the cause which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—1:30 to 4 and 6 to 8. Sundays from 10 to 11 A.M. Consultation free. Thor-ough examination and advice, \$3.

For private diseases of short standing and a course of medicines sufficient for a cure with all instructions, will be sent to any address on receipt of \$10.
